QxEnergy™ 710

Designed for harsh environments and mobile deployments, the all new QxEnergy™ 710 allows you to deliver the capability of QxControl nearly anywhere. Providing the convenience of integrated PoE+ ports to power and connect your cameras and door controllers, the QxEnergy 710 also offers WiFi, 5G or LTE network connections with optional antennas (*5G/LTE service not included). Selectable local storage provides event driven or continuous recording options for both QxPro and QxOne systems.

Specifications

- Up to 16 cameras and 32 total resources
- Up to 8TB of local storage
- Intel® Core 10th Gen i-5 Processor (6 Cores/12Threads/3.7GHZ)
- 16GB Memory
- 2- GbE Network Ports
- 8- 1GbE ports with PoE+, 30W per port with a total power budget of 240W
- 9V-50V DC-in, Fanless, CE/FCC Class A, IP40
- Operating Humidity 95% at 70°C
- Operating Temp: -25°C to 75°C (-40°F to 167°F)
- Weight: 9.92 lbs (4.5 kg)
- Small form factor, 10.24"w x 9.45"d x 3.11"h
- Shock Endurance: IEC 60068-2-27 (SSD, 50G, half sine 11ms)
- Vibration Endurance: IEC 60068-2-64 (SSD, 5Grms STD, random 5 to 500 HZ. 3 axis)
- *Two year warranty*

Part Numbers:

QXE710-02 (Harsh & mobile appliance with 2TB SSD)

QXE710-04 (Harsh & mobile appliance with 4TB SSD)

QXE710-08 (Harsh & mobile appliance with 08TB SSD)

Part Numbers: Accessories

QXE710-PS (Power Supply)

QXE710-5G (5G Kit)

QXE710-LTE (LTE Kit)

QXE710-WIFI (WIFI Kit)
